

DAY OF GIVING

# Become a sponsor.

Join us and make a meaningful impact in our community during Health First Foundation's Day of Giving on Thursday, September 28, 2023.

For nearly 80,000 neighbors ages 18 to 65 in Brevard County, the cost of medical care is a tremendous burden. They fall into what's known as the coverage gap - earning too much to qualify for Medicaid, yet living paycheck to paycheck, unable to afford their medical expenses. That's where our Compassionate Care Fund comes in. Through our Guardian Angel Grants, we aim to bridge that gap, easing their burden through anonymous gifts. These grants help us provide what our neighbors need to heal well and live well.

## Guardian Angel Grant recipients.

Greg

Joe

Lucy

**Our Guardian Angel Grants make it possible for those in need to focus on what matters most - their health.** People like Greg, who was able to regain his strength through receiving special nutrition and rides to his lifesaving treatments. Or Joe, whose transportation fares were covered so he could access the care he needed. Or Lucy, who didn't have to choose between putting food on the table or continuing her cancer treatment. With the help of our Guardian Angel Grants, healing and wellness are within reach.

### COMPASSIONATE CARE FUND AT-A-GLANCE

**688 miles**

covered with transportation grants so patients can receive the care they need.

**\$480**

in copays to assist patients with barriers to living well and staying well.

**\$2,595.35**

to help patients with the medical supplies needed to continue healing outside of the hospital.

**\$1,723**

in prescriptions assistance so recipients can receive the medical care they need.

*\*First quarter of 2023.*
